

WHAT EDUCATORS ARE SAYING

Our New Canaan Public Schools chose to feature NICE Hispanic Cultural dancers and singers to honor Hispanic Heritage Month. We thought the program from Yohanna Escamilla, Val Ramos and Tere Luna were fun, festive, upbeat and engaging for the children and taught them about flamenco and Mexican songs from various regions of Mexico. The costumes were lovely and the music was moving; we would be happy to bring NICE back to our schools for a different cultural program in the future!

ENRICHMENT ALL YEAR LONG

Established in 2015 The Norwalk International Cultural Exchange is a Multicultural Arts Organization. Our mission is built on the Celebration of Diversity through Arts and Culture. We connect with, partner and collaborate with key organizations across multiple ethnicities. We work with a large network of artists and cultural groups to stage Connecticut's leading multicultural folk and traditional arts festival. We also produce immersive educational enrichment programs for Grades K thru 12 and community wide cultural events.

For more detailed program information see our web site education enrichment page

CUSTOM PROGRAMS

We have different program options across numerous cultures and cultural performances that we can bring to your school or organization. The program can be built around a specific cultural theme or type of performing art. For example, your music department might want to explore the origins and sounds of the Steel Pan Drum and how to create the sounds and notes.

5 REASONS TO INVITE NICE

- NICE works with your budget and schedule
- Affordable, well planned 45-minute programs
- Best in-class artists matched to your selected theme
- Cost varies depending on the type, number of performances and artist.
- K-12 student population or adult / public event

Contact us for your next multicultural education enrichment event.
